**T**IMING IS EVERYTHING AND SIMON KNOTT, WHO RUNS THE excellent Suffolk and Norfolk churches websites, got it just right. He visited Redlingfield in June just after we'd cleared up the churchyard.

His site says: "It was fully ten years since I had last cycled this way. Not much had changed, as you may imagine. The church is still marooned in its neat little graveyard, a hundred yards or so from the nearest road, and so I got off my bike and pushed it up the path – not from fear of meeting anyone coming the other way, I hasten to add, but because I wanted to savour the serenity of this enchanting place." I think he likes it. For more from Simon about Redlingfield church you can visit [www.suffolkchurches.co.uk/redlingfield.html](http://www.suffolkchurches.co.uk/redlingfield.html)

Another bit of excellent timing saw Lesley Dolphin's dart conveniently hit Horham in the week before the Bygones Rally. Among those who got a chance to talk about the village on BBC Radio Suffolk were: David Spall, who is apparently getting to feel like a local after 42 years; Michael Critien from Dragon House, who got an on-air invite to come back as a sofa guest; Don Moyes, who chatted about ... the Bygones Rally; and James Mutton, who talked on his specialist subject the 95th Bomb Group and Red Feather Club.

*SPORT– OF VARIOUS SORTS – SHOULD be on the agenda over the next few weeks. Redlingfield's rounders team have been challenged to a return match by Occold during our neighbour's 'fun evening' on Saturday September 4th. Hopefully, the Redlingfield Swingers will avenge last year's defeat on the Doorstep Green. And David Whatling has come up with a great idea – a darts, pool and, maybe, carpet bowls challenge between Horham and Redlingfield at Horham & Athelington Community Centre. The details are to be arranged. And to exercise our minds Eddie Hawes put forward the idea of a village quiz – sounds great to me.*

**WE'VE GOT ANOTHER packed issue and we've come up with a cunning way to ease the squeeze on space without adding to the number of pages we print – and have to try to force staples through. Instead of printing six pages plus of useful contacts every issue we'll, probably, starting in 2011, issue a one-off directory of contacts etc at the start of the year and just update any changes, as and when needed, in our quarterly magazine. I hope this solution will suit everyone.**

**F**OR THE LAST FEW YEARS JANET AND I HAVE MADE SURE WE get to Suffolk ACRE's agm – someone we know always seems to land an award and we get to find out what's going on in the county. This year David Risk, Caroline's brother-in-law, from Brandeston landed a cup and we got to chat with high ups in the district, county and even diocese. Mid Suffolk chief exec Andrew Good had some excellent news. The part of the Local Development Framework, which classifies villages such as Redlingfield as countryside with no prospect of any development, is to be changed. **Mike Ager**

# Details of crew unearthed

**A**FTER MUCH FRUITLESS searching to find surviving relatives to attend the unveiling of Redlingfield's memorial to the crew of the B-17 that crashed near Green Farm in 1943, relations of two of the airmen have been in touch thanks to the village's website.

Ralph Schimmel, a nephew of Sgt Charles E Phinney, from New York State found out about the memorial, landing on our website, while researching his uncle. His younger brother, an airline pilot and former

military pilot, visited the crash site several years ago while in the UK. Marcia A Moyer, the niece of co-pilot 2nd Lt Warren Mansfield Franklin Strawn, also landed on our site.

Marcia's mother, 88-year-old Reynolda S Clegg, and two other siblings of 2nd Lt Strawn are still living, 97-year-old Martha M Scott and 85-year-old L B Strawn.

Thanks to Marcia we now have a wealth of material about her uncle and pictures of the crew.

It is hoped some of the relatives will

be able to visit the memorial to the Flying Fortress which crashed in the village on November 19th 1943 killing all ten crew in the near future.

Thanks to Marcia we now know that six of the crew were originally buried in a "group" grave in the US Military Cemetery in Brookwood, England. They were: 2nd Lt Strawn; S/Sgt Kenneth Cosby, tail gunner; S/Sgt Gordon V Sorenson, radio operator; S/Sgt Gail A Richmond Jr, top-turret, gunner/flight engineer; Sgt Phinney; and Sgt Julius W Torok, right waist gunner. They were returned to the US for burial in a veteran's cemetery in Indiana.

Front row, from left: 2nd Lt Kenneth B Rongstad, pilot; 2nd Lt Strawn; 2nd Lt Richard E Diete, navigator; 2nd Lt Joseph F Spicer, bombardier. Back row, from left: S/Sgt Richmond Jr, top-turret gunner/flight engineer; S/Sgt Sorenson, radio operator; Sgt Torok, right waist gunner; Sgt Phinney, ball turret gunner; Sgt Louis M Mirabel, left waist gunner; Sgt Aloysius L Godek; and S/Sgt Agnew R Eckert. S/Sgt Cosby and S/Sgt Richmond, who both died in the crash are not in the photo. S/Sgt Eckert and Sgt Godek were not in the crew at the time of the crash.

The burial at New Albany, Indiana, Veteran's Cemetery of six crew members. The gentleman in the front row, far left, is Allen H M Strawn, father of 2nd Lt Strawn. The 2nd, 5th, 6th, 7th and 8th women are believed to be the mothers of the six crew members. The 5th woman from the left is 2nd Lt Strawn's mother, the young woman beside her is Gordon Sorensen's wife, Daisy Odetta Sorensen.

*This picture of 2nd Lt Strawn, sent to his mother, says on the back: "Don't worry, I'm not as scared as I look."*

Letters from 2nd Lt Strawn to his family in the States written just days before the crash tell of the crew's earlier ditching of their aircraft in the North Sea and of his leave to recuperate. He tells in a matter of fact way of how over the course of a mission all their B-17's engines failed, crew members passed out and came close to death and finally they ditched in the North Sea. He says: "We only floated about 10 hrs which is not at all bad."

And in a letter written on November 16 1943, three days before the fatal crash in Redlingfield, he writes of the

seven days leave the crew were given to recuperate.

He ends the letter by talking about the first formal dance of the winter season in Southport, where there was a large Red Cross facility: "I took a very pretty little English girl to the dance ... She is the prettiest thing I've seen since I left the US I'm going to see her again some time."

The 95th BG Heritage Association in Horham is updating it's display on the crash and Redlingfield's website [www.redlingfield.suffolk.gov.uk](http://www.redlingfield.suffolk.gov.uk) also has much more new material about the crash including more pictures, more of the letters and many moving poems written by Lt Strawn's talented family.

*Many thanks to Marcia A Moyer, proud niece of 2nd Lt Strawn.*

# Bygones rally celebrates

**T**HE SUN SHONE ON another record Horham Bygones Country Rally and the thousands of visitors. The car boot sale kicked off the day which ended with an evening of live music in the Community Centre.

There were approximately 100 tractors, 100 classic cars and commercial vehicles and a great line-up of stationary engines.

With the stallholders, attractions, military vehicles, two-wheeled entries, model boats and scale models of traction engines, there were nearly 400 exhibits.

There were plenty of old favourites on show. The Burma Mule Tribute was back for a second year, the ever-popular Fire Service Preservation Group again showed their fire-fighting skills in demonstrations and in the working field Robbie the shire horse was joined by other working horses and a host of working tractors and

farm machinery. Stradbroke's Fire Engine was also on display alongside the police's mobile major incident office where PCSO Steven Long and colleague demonstrated a speed gun and gave free gifts to youngsters.

The fairground rides, sweet stall and ice cream van proved popular with younger visitors. Gary Sutton of Redgrave came to the rescue when one caterer failed to show and stayed well into the night as rally-goers enjoyed the evening entertainment. Not only does the rally generate much needed funds for the Horham Community

Council it also offers charities, including the Royal British Legion, East Anglian Children's Hospice (EACH) and Parakeet Rescue, the chance to raise funds.

On Sunday, motorcycles, tractors and a steam car took part in a road run to raise funds for EACH, which netted more than £1,100 over the weekend.

After such a good year the Horham Bygones Rally Committee has now got to sit down and see what we can do to top it for 2011 –

# Video plea for clemency

**V**ILLAGERS IN HORHAM have recorded an unusual video request to Texas Governor Rick Perry, seeking clemency for a British grandmother on death row.

The video asks him to spare the life of Linda Carty in honour of historic wartime links and friendship

Human rights lawyer and director of legal action charity Reprieve, Clive Stafford Smith OBE spoke at a meeting at the Old School at the end of May about his work and, in particular, about Carty, who is facing execution in Texas. Governor Perry visited Horham in 2000.

Led by Rev David Streeter, the video asked Governor Perry to reconsider the case of Carty who was convicted of planning a murder following what Reprieve say was a flawed trial. The

US Supreme Court recently refused to hear her case despite an approach from the UK government.

In the video, Horham residents express concerns that her conviction and death sentence are unreliable. Linda's court-appointed defence lawyer has sent more prisoners to death row than any other in the US.

Reprieve's director Clive Stafford Smith said: "The people of Horham have great affection and respect for the USA, which makes this video request rather moving to watch.

"Linda Carty is now in a desperate situation, protesting her innocence and yet facing imminent execution. Linda ... will be grateful for this show of support and compassion."

You can see the video on Reprieve's website ([www.reprieve.org.uk](http://www.reprieve.org.uk)) or at YouTube.

# It's the 'Rose of the Year'

**H**ORHAM TOOK A SLICE OF the glory at Hampton Court flower show with the 'Rose of the Year'.

John Kirkum of The Street is a director of John Woods Nurseries at Wickham Market. They took a newly-bred rose from Kordes Roses in Germany and, after extensive trialling and testing, launched the rose at the Hampton Court show where they also won a gold medal. The 'Rose of the Year' – *Joie de Vivre* – is pink with cream tones and is repeat flowering.

The nursery also designed a garden for the Chelsea Show, it was built with the Capel Manor Horticultural College and won a gold medal. After the show,

the garden was moved to the National Gardens Centre at Capel Manor in Enfield and is now open to the public.

So it has been a great year for John and his colleagues and the rose, under the Mattocks Roses brand, will be on sale at garden centres in the autumn.

■ **FARM BLAZE:** Nearly 300 pigs died in a fire at Poplar Hill Farm in Benningham Green, between Redlingfield and Occold early on the morning of Wednesday June 16th. Appliances from Eye, Debenham, Stradbroke, Woodbridge, Diss, Leiston and Framlingham attended. Our sympathies to farmers Simon and Alison Brice. A fire investigation determined that the fire had been started by an electrical fault in the shed's wet feeding system.

■ **THEATRE TOUR:** The Theatre Royal Bury St Edmunds is taking Michael Frayn's comedy *The Two Of Us* on tour across Suffolk and Cambridgeshire from September 1st to October 9th. It will be at Syleham and Wingfield Village hall on Tuesday October 5th. ■ **SECONDHAND FURNITURE:** Donations of good quality furniture are needed to resell and raise funds for St Elizabeth Hospice. Van drivers collect from your home Mondays to Saturdays. If you would like to donate call 01473 744080.

■ **WORKING TOGETHER:** Mid Suffolk District Council already work closely with Babergh District Council and they are now looking for more ways to save money without affecting services too badly. They are considering merging both councils into one organisation and halving the number of councillors. The proposals are available on their website [www.midsuffolk.gov.uk](http://www.midsuffolk.gov.uk). If anyone has any views or questions they should contact Mid Suffolk or their parish councils.

■ **SEASONAL FLU JABS:** Fressingfield & Stradbroke doctors' surgeries have walk-in clinics for those eligible for flu vaccinations. They are at Fressingfield on: Tuesday October 12th & 18th, 9am-11 am & 2pm-3.30pm; and on Friday October 15th & 22nd, 9am-11am & 4pm-5.30pm. And at Stradbroke on: Monday October 11th & 18th, 9am-11am & 4pm-5.30pm; and on Wednesday October 13th & 20th, 9-11am.

■ **ST PETER'S ATHELINGTON:** On June 27th St Peter's celebrated its Patronal festival. After the morning service 70 people had lunch at Meadow Farm. Keith and Mary Hawes had created a beautiful setting in their lovely garden. Sheila Leeks and Julia Ankrah made a splendid three-course meal and the sun shone. The church gained more than £600.

■ **HORHAM COFFEE CARAVAN:** The Rural Coffee Caravan Information Project should be coming to Horham soon. Watch out for leaflets and posters.

# Offering books & more

**M**ANY THANKS TO everyone who gave us secondhand books for the Eye Church Shop following my appeal in June – we now have a fabulous selection

I am still looking for child-size coat hangers – Father Andrew's Mum is knitting for us so we can stock a range of hand-made baby cardigans and we need the little hangers to display them. If anyone else likes knitting and would donate hats, scarves etc for the winter for children or adults then please do so – we can certainly sell them.

If you have the urge to help do get in touch. If you have time available come to the Church Porch and look at the calendar – days without names in the boxes are available – but do make

sure that you get in touch with me if you haven't volunteered before – you need to know what you are doing, and we will make sure someone meets you at the Church and talks you through everything.

If you find that the shop isn't open for any reason – I'm sorry when that happens, but with me expecting the baby at the end of August I think we will have odd days where this is bound to occur – do come back again if you can – and we will keep the honesty stall in the main body of the Church as well-stocked as we dare.

The fairtrade clothes are selling well at the moment with trousers at £14.95, and lots of t-shirts at reduced prices – we stock sizes from 10 to 18.

# Wild flower show blooms

**I**N THE SUMMER OF 2005 the New Reedings Wood Group were the proud recipients of the East Anglian Daily Times Wildflower Award.

This prize anticipated the planting of a wildflower meadow, as the group had only just purchased the land which is now the community woodland along the Redlingfield Road, called "Pound Lane Wood".

This summer the project has come to fruition, as the wild flower display has been breathtaking.

The project involved covering the proposed meadow area with depleted soil, ploughing, rock picking and rolling the area to achieve a fine tilth, and spreading green hay from local meadows and church yards, ensuring that the seed sown had a local

provenance. The prolonged cold winter and recent warm weather have combined to give a fantastic display this year, with plentiful primroses and cowslips in the spring, and an amazing display of vetch, clover and ox-eyed daisies through the early summer.

This year the group are proud to be able to donate their green hay, when it is harvested, to other potential wildflower meadows in the area.

## **YOUR LOCAL POLICE**

**ALTHOUGH THE NIGHTS** are drawing in please remember to secure garden equipment and sheds after use to combat the theft of lawn mowers and garden tools. Shed alarms can also be purchased from your local Police station to help improve security.

We have also seen an increase in the theft of scrap metal from outbuildings, so please be vigilant. Speed checks will continue in the villages over the coming months.

Since the last report there has been the theft of fencing from a field. If you have any information please contact Suffolk Police on 01473 613500.

We have a property photographing scheme which allows householders to have items of value in their homes photographed and recorded on a CD. The scheme is run by the Mid Suffolk Crime Prevention Panel and details are available from the Crime Reduction Officer on 01473 383410.

The Police have a Community Intelligence Hotline where information can be left regarding local offences. The number is 01284 774029. You can leave your details or be anonymous, but please help us to make your community even safer.

I would also like to remind all of you who have yet to sign up to Police Direct of the value of doing so. All you need to do is to register for free and you will receive either an email or text message informing you of any incidents in your area. To sign up call 01473 613997. I wish you all a safe and pleasant autumn.

## **YOUR MEMBER OF PARLIAMENT**

IT HAS BEEN A BUSY start. At the top of my agenda in Westminster has been increasing the awareness of the new Government towards issues affecting rural communities. In particular, I have been pushing the case for Hartismere hospital to be re-opened, a campaign that was first started by my predecessor, Sir Michael Lord.

Community hospitals such as Hartismere are a vital amenity for rural communities, in line with the Government's plans to hand the responsibility for local healthcare to GPs. Following from this, I asked Andrew Lansley, Secretary of State for Health, about the hospital. His response was very encouraging; he agreed that healthcare must be responsive to the needs of local communities and that we should better value our community hospitals. .

I recently had the pleasure of attending the Redlingfield Village BBQ, where I was able to meet locals, as well as discussing a number of important issues. I have also enjoyed visits to the Mendham Fete, Stradbroke Village Country Fair, Rendham Fete, and the Framlingham Horse Show, where I saw first-hand how such events can maintain and improve community cohesion and pride in our rural areas.

Over this summer period, whilst others enjoy their holidays I shall be working as a doctor so that I am better able to keep up with the latest developments in healthcare. This summer will also provide a chance for me to hold regular advice bureaux for local residents and to continue to champion the needs of rural communities (see story).

## YOUR COUNTY COUNCILLOR

**I HAVE JUST COME BACK** from a few days away in Scotland and it was interesting to read the local newspapers and see the local

news on TV.

As we all know (at considerable expense) Scotland has a Parliament Building and a body responsible not just for Scots' Law but also for education, transport and health.

One in four people are employed in public service, which despite considerable funding, is delivering poor health care and declining standards in basic education.

The amount of unemployment (especially among the young) is terrifyingly high.

But a real debate is now taking place in Scotland as to what level of services can be afforded.

It is obvious to all that cuts in public spending will have to take place but where: reintroduction of tolls on bridges; reduction in eligibility for free public transport; introduction of University Tuition Fees; or ending the commitment to prevent Council Tax rises.

The problem is even greater because the Scot Nats (who control the Scottish Executive) have made no attempt to address the Budget crisis in 2010-2011.

The contrast with Suffolk is startling. We have made a start in the current years and because we used our money wisely our roads are generally in much better condition than the ones in Scotland.

But the views of the lochs and mountains are unbeatable (if you can put up with the midges).

*Guy McGregor, County Councillor – Hoxne & Eye Division*

## YOUR DISTRICT COUNCILLOR

**WE HAVE HAD SOME** wonderful community events so far this summer and I know there are more to come. That is what

living in a village or rural community is all about and in this fine weather it is so easy to get to know new people or those you don't see so often.

I am sure everyone knows now that there are cuts coming both at county and district level and our job at Mid Suffolk is to see where they can be made with the least difficulty. At least 20 per cent of our budget has gone and there is more to come so we are sharing services with the possibility of merging with Babergh District Council. There are already savings being made by sharing officers and services, I am working hard to help protect as many of the rural amenities I can.

The Government wants more voluntary input but I know that many people are working and have family commitments which leaves very little free time, and we already do what we can for our community in so many ways.

Ipswich and Hartismere hospitals are about to announce better news for the county so I hope that it is not all bad news for our part of Suffolk.

We are also working with the Police to address the speeding issues in the villages. I have heard that they have a dedicated team now to monitor traffic speed in the villages but I am convinced that we need prosecutions to tell the offenders we mean business. Happy Holidays.

# A ringing success for barn owls

**I**N LATE MAY, HEADING HOME from Acle, I chose to take the scenic route rather than the main roads, and this led me across the marshes at Reedham Ferry. A very upset **oystercatcher** was dive-bombing the lane from a telegraph post, and was infuriated by my parking the truck. A pair may have suffered a casualty crossing the road, as one agitated adult had a solitary chick and the other, making a wilder piping call than usual, was on a “search and rescue” mission, probably to no avail.

A HIGHLIGHT ON JULY 30TH SAW two heavyweights of the Waveney Bird Club, Steve Piotrowski and Chris McIntyre, come to ring our second **barn owl** success. I had been granted the heady status of ‘monitor’, a title which escaped me at school, which meant I could open

the box and check the progress during the season. After the male lazily drifted off his branch outside the box, we found the female was caring for only one owlet from the five eggs I had counted in June, so not a great success rate.

However, the birding “pros” were not disappointed, and the juvenile was certainly a good ‘un, weighing in at 390gms, a bit more even than the two-year-old mother, which we ringed as well. The first feathers were showing under the ball of fluff and it was 41-days old.

Although I was mainly the observer with the camera, I did complete the actual ringing, and hopefully GC61815 and GC61816 will prosper for years to come. The omens are good if the larder was anything to go by, the box contained six or seven voles and mice, so the male had certainly been bringing home the bacon.

comparison with wolverine was very apt, as both are members of the weasel family. The otter is quick over land as well as in water, with webbed toes and a sleek streamlined body. With large lungs, a single breath will keep the otter under water for three or four minutes, time enough to swim up to a quarter of a mile. So that should make fishing in a Suffolk pond an absolute doddle. Maybe this one has a base on the River Dove and has decided to do some exploring.

WE ENTERTAINED SOME VISITORS from Perth, Australia, over the last weekend of July, who had emigrated from Suffolk 20 years ago. They enjoyed the prancing and dancing of a **stoat** on the lawn one morning and asked what it was. The answer came from my godson in Norfolk, who had taught me that “a weasel is weasily recognised whereas a stoat is stotally different”.

WE ALL KNOW OF THE IMPRESSIVE migrations of many birds such as the swallow, but I was surprised by the travelling efforts of the humble **blackbird**, our most common thrush. One was ringed in Bungay in January by Steve Piotrowski. It was *recovered*, which is a birding-word

The barn owl and an angry oystercatcher.

meaning *found dead*, in April, nearly 1,000km away back home in Sweden. It is a huge distance to travel. What tough luck indeed to fly all that way, pause for breath to wipe a fevered brow with a battered wingtip, and then be squashed by a Volvo.

ONE VERY EARLY SUNDAY morning, July 11th, a great view from the bedroom window of a fine plump **bullfinch** feeding on honeysuckle seeds, was marred by an equally good view of a grey squirrel helping himself to the bird feeders. It would have been an easy, safe shot, albeit only a few yards from the bedside. Next time, the question will be whether to wake Anita from her slumbers to tell her what’s going on, or to let her find out the hard way. Perish the thought.

PS: A BIG THANK-YOU TO THE firemen of Eye and Stradbroke, who attended my combine fire on Sunday July 11th. Their response was very rapid indeed and their experience in combine harvester fires saved the day.

## POETRY CORNER

### AUGUST IS HERE!

August is here, harvest time is here!  
August is so soon already over, half the year gone!  
A month named after an emperor so loved and remembered each year?  
A month where hard work is called for to get the harvest in!  
Trust the weather’s been kind this year?  
Trust this year is a good one, return for a year’s hard work!  
Always a time of long days and short nights?  
A time to work hard for a just reward!  
Time to see nature’s gifts in all their splendour!  
Bird song, flowers, the majesty of a big sky?  
The cosmos laid out all the stars are seen!  
Yes, August is a month to get the harvest in!

**Manday Miller**

THE SAME DAY, CAROLINE from Redlingfield Hall rang in great excitement, she had seen what she thought was an **otter**, at close quarters hoofing across her lawn. Screams to Julian had produced only a slow response, so the second opinion she wanted was not forthcoming. But no doubt about it, at three-foot long, it reminded her of a wolverine from her Aussie memories and was headed for supper in the pond in her paddock. Next evening, there was a repeat performance across her back lawn, and Julian this time managed a good video recording in the dusk. The

**MALCOLM FONTAINE COSBURN:** Mac, as he liked to be known, was born in Cornwall the only son of Walter and Mavis and was raised on his grandfather's farm near Wadebridge. It was there he developed a passion for angling and he would walk miles to find a good stretch of river to fish for trout and salmon. Whenever he went back to Cornwall he would include a fishing trip. His other interests as a young man were motorcycles and cars and he loved playing cricket and football. Mac started his working life in an auctioneers and estate agents where his father was a director. But that wasn't for him and soon he was doing what he loved, engineering. He was proud of his work on Rolls-Royce engines. As his company diversified he became involved in plastic moulding, which brought him to East Anglia. But Mac's health deteriorated and he could no longer work the long hours. He had a heart bypass 12 years ago, which gave him some quality of life. He married Brenda in 1965 and has two sons, Gavin and Darren, and grandsons Ethan, Matthew and Daniel. Mac passed on May 18th, suddenly at home in Redlingfield, aged 65. The Cosburn family would like to express their gratitude for kindness and sympathy shown in thought and deed, and for attending Mac's funeral service.

**Mike Ager**

**MARGARET LAURA CHAMBERS:** Known as Maggie by many, she was born in Horham, the daughter of Mr and Mrs R. Baldwin. There were eight in the family, three sons and five girls. Maggie, who has one son named Robert, lived in the Tannington area after she married. She came back to live in St Mary's Close, Horham, six years ago. She was a member of Horham Chapel and the Happy Circle Club. She loved meeting people and visited her neighbours when she was well. In her younger days Maggie was on her bicycle going out to work at Mr and Mrs W. Havers at the Beeches, Cranley Green, when the B-17 crashed in Redlingfield. She was so pleased to see the memorial a few weeks before she passed away. She will be missed in the village of Horham and the area. Maggie was 88 when she passed away at Ipswich Hospice on July 7th and she was buried near her late husband, Ted Chambers, at Horham Church on July 16th. This is in memory of Maggie from Robert and the family.

**Kath Chapman**

**JOYCE MARY MUTTOCK:** The funeral of Joyce Muttock, mother of Richard and Angela, who died in hospital on July 12th aged 88, was held on July 20th at Redlingfield Church to which she made a notable contribution by helping to organise the first flower festival nearly fifty years ago, and donations in her memory for the church amounted to £261. Married to Percy Muttock in 1940, she took a hard-working part in his haulage business, and did the books for local farmers. A keen member of the Women's Institute, meetings were held at her home, Mill Cottage, until the branch moved to Occold. After Percy died, she moved back to Eye, but always came to Redlingfield to see the flower festivals. Loving wife of the late Percy and a dear mum to Richard and Angie and a dearly loved granny and great granny.
